E-Resources

Basic Strategy for locating E-Resources

1. Search MEDCat. (Remember, not everything is online. Checking MEDCat first will also tell you what the Library has in print, and ultimately save you time.)
2. If not in MEDCat, go to E-Resources.

- You can **browse** or **search** the E-Resources portion of the Website.
- Select the  button for more information about an electronic resource.

What if the Library does not have something I need?

- I have searched for the item in MEDCat.
- I have checked for the item in E-Resources.
- I have contacted the Library InfoDesk to confirm.

NOW complete the online **Interlibrary Loan** form! The form can be found on the Library homepage under Handy Services.

Use the **PMID** (PubMed ID) or the Ovid **UI** (Unique Identifier) for requesting articles not available at Ehrman Library.
